

Final Project/Exam

Instructional Design With Technology

Presentation to the Class

- PowerPoint or Keynote
- Demonstrating “good form” in it’s design
- Treat as a presentation to the School Board or Administration
- Present next Thursday (and some on Tuesday)
 - 5 - 10 minutes in length

Three Sections

- Overview of what you teach
 - Courses and Content
 - How you teach it
- Overview of the technology you will integrate
 - Specific examples
 - Why this will help your teaching and your students' learning
- How students, parents, etc. will integrate with this technology
 - Additional technology needs/requests
